

Prayer for Israel
(Allen Jackson Ministries)

Heavenly Father:

We pray for the peace of Jerusalem and for the people of Israel. Give wisdom to those who are making decisions on their behalf. Help them to lay aside their political and ideological differences and stand together under the authority of Almighty God to defend the people of that land. Lord, we ask You to release the angels to stand guard over those who are in harm's way.

*For those families who have suffered great loss and for those who have been captured, Lord, we pray You would defend them and comfort them. May the plans their enemies made be turned back on themselves. **We pray that as suddenly as this began, You will stop it, and that it will be for Your glory and Your honor.** May the people of Israel have a revelation of Jesus of Nazareth as Christ, Lord, and King.*

*We also pray for our nation— that we would not make decisions against Your purposes, or that would bring Your judgment upon us more fully. Be merciful to us. **Lord, we thank You that You're watching over what happens in the earth—** that You are faithful, powerful, and interested. Thank You that we will see Your hand in these next few hours and days— that the whole world may know that there is a God and that He watches over His covenant in the earth.*

In Jesus' name, amen
